Because of this, psychosynthesis has become known as 'the psychology of the soul.' This psychospiritual psychology aims to uncover the layers of complexity which render the personal will powerless. Through a process of bringing awareness to unconscious processes in the psyche, each masquerading as 'sub personalities' the self can achieve integration and synthesis between the personality and the Self (spirit). Psychosynthesis aims to heighten awareness of one observing 'I' so that a dialogue can take place between the self (personality) and the Self.
