

From Thoughts to Obsessions: Obsessive Compulsive Disorder in Children and Adolescents

Filesize: 8.69 MB

Reviews

These sorts of ebook is the best publication accessible. It is amongst the most amazing ebook i actually have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Jace Gusikowski IV)

FROM THOUGHTS TO OBSESSIONS: OBSESSIVE COMPULSIVE DISORDER IN CHILDREN AND ADOLESCENTS

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, From Thoughts to Obsessions: Obsessive Compulsive Disorder in Children and Adolescents, Per Hove Thomsen, 'By far the best chapters are those derived from the author's clinical experience, particularly a good account of the significant social problems experienced by those with severe OCD. There is a helpful chapter on obsessive symptoms as part of normal development, and a reasonable account of differential diagnosis. He reviews some of his own ideas, such as that of co-existent 'empathy disorder', which he describes in 25% of young people with OCD. Overall, the book displays the warmth and understanding that the author has for young people with OCD, describes the need for increased awareness and recognition of this illness, and would provide a reasonable starting point for someone learning about paediatric OCD.' - European Journal of Child and Adolescent Psychiatry 'The book displays the warmth and understanding that the author has for young people with OCD, describes the need for increased awareness and recognition of this illness, and would provide a reasonable starting point for someone learning about paediatric OCD. This introductory book, richly illustrated with case examples, explains the nature and treatment of OCD in children and adolescents. Written for parents and relatives as well as doctors, teachers and other professionals working with this group of patients, this book defines OCD and forms a straightforward explanation of the symptoms, assessment procedures and treatment strategies.' - Autism-Europe Link 'Per Hove Thomsen's brief, clear and accurate book places Obsessive Compulsive Disorder, a condition that is still poorly understood and often missed in young people, within a spectrum. It acknowledges the torment experienced by the children and adolescents who are suffering from the disorder, as well as their families. As Thomsen says, it is important to see that...
