Filesize: 7.48 MB

### ***Reviews***

*The publication is easy in read through better to recognize. It usually will not cost too much. You wont feel monotony at whenever you want of the time (that's what catalogs are for concerning when you question me).*

*(Rebecca Bechtelar)*

## ALL ABOUT PHOTOGRAPHY

National Book Trust/Sangam Book Depot, New Delhi, India. Softcover. Book Condition: New. Human beings have tried to capture the world around them in the form of images created by carving or painting. It was in the eighteenth century that the foundation of photography was laid; today it has become a valuable medium of communication in such diverse fields as television and scientific research. It is now regarded as an art in itself. This very simple book explains the fundamentals of photography in lucid manner. The author of the book strongly believes that photography cannot be learnt by reading books alone, but can be mastered by taking pictures of different subjects with an eye for detail. Printed Pages: 167.
