Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Laboratory Work With Mosquitoes Besides personal acknowledgments in the text, my sincere thanks are due to Miss Marion Satterlee and Dr. Louise Cordes for the devotion and care they have given the illustrations, in the making of which no pains have been spared to reproduce faithfully the objects drawn. The laboratory facilities of the Pediatrics Laboratory and of the Presbyterian Hospital, and the clinical material of the Third Division of Bellevue Hospital have been placed at my disposal ever since I began, some years ago, the studies this book is based on. Without the help thus generously extended I should have been able to accomplish nothing. Messrs. William Wood and Company, of New York, have courteously loaned the plates of several drawings first appearing in an article of mine in the Medical Record for December 23, 1899. These illustrations are individually acknowledged as they occur. Of the chapter on Stegomyia Theobald both the text and illustrations have been furnished by Dr. Aristides Agramonte, U.S. Army Medical Service, Havana, Cuba. As the first authoritative and complete account of Stegomyia fasciata so far published I believe this chapter to be of peculiar value. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain...
