REPORT OF SANITARY SURVEYS AND INVESTIGATIONS OF PUBLIC WATER SUPPLIES. John C. Diggs. During the year ending September 30th a total of 39 investigations were made by the Water and Sewage Department. Seventeen of this number were made in answer to petitions of health officials and officials of water works plants who either doubted the quality of their public water supply, desired advice in regard to the operation or improvement of a water works purification plant, or wished investigations of a condition which they believed a possible menace to the public health of the community. Many of these investigations were completed with the inspection of the water plants and in some cases the collection of one or more series of samples which were examined in the laboratories located at Indianapolis. Two investigations, however, the sanitary survey of the summer resort located at Lake Wawasee and the study of the watershed of the chain of lakes which furnish the supply of water for Valparaiso, included the...
